## PROFILE SUMMARY

I am an aspiring software developer with 4 years of self-taught coding experience. While I have no formal work experience yet, I am highly motivated and eager to join a team that values growth, learning, and technical challenges. I'm seeking a challenging opportunity where I can further hone my skills and contribute meaningfully to real-world projects.

## EDUCATION

2022 - Now

- Hanoi University of Science and Technology
- GPA: 3.25 / 4.0

## PROJECTS

### Kanbask – Project Management Web App

Front-end Developer

FEB 2025 - MAY 2025

- Worked with a small team to design and build Kanbask, a Kanban-style project management tool. Features include task boards, user authentication, drag-and-drop task handling, and real-time chat.
- Built using React, TailwindCSS, Node.js, and NeonDB
- Collaborated using Git and GitHub Projects
- Gained experience in team workflow, agile principles, and API integration

## SKILLS

- Languages: Python, JavaScript, Java, C++
- Frameworks/Tools: React, Node.js, Git, VS Code
- Concepts: Object-Oriented Programming, REST APIs, Frontend Development, Debugging
- Soft Skills: Fast learner, problem solver, teamwork, strong communication

## OBJECTIVE

- To gain hands-on experience in a professional software development environment where I can challenge myself, work on real problems, and grow into a skilled developer ready for the future.
